MINUTES  
HAVERFORD  
TOWNSHIP  
Health Advisory Board

Tuesday February 9, 2021

Board Members Present: Mr. Henry Eichman, Mr. Eric Weest, Dr. Bryce Carter,  
Mrs. Catherine D'Orazio, Dr. Kenneth Simbiri, Dr. Aisha  
Hasan, Dr. Amanda Jones

Also present: Nancy Guerra

Meeting was called to order at 7:04pm by Mr. Henry Eichman

The minutes from the January meeting were circulated and approved.

•A resident contacted a commissioner concerning her neighbors' cats running at large. She is requesting an amendment to the Animal Control Ordinance to include domestic felines. Dr. Hart requested The Health Advisory Board review and discuss it. The board has agreed to look further into environmental impacts and bacteria virus transmission to humans along with general nuisance and property maintenance issues. Discussion ensued.

•A phone line for questions about the COVID-19 Vaccine in Delaware County, call the Delaware County Call Center at: 484-276-2100. There have been a number of senior citizens calling the township looking for vaccine and unable to register without a computer. The County has also put out a list of locations that will be providing the vaccinations. The state has plans to open some mass vaccinations in each county. It still appears getting vaccine remains the problem.

•Kitchen inspections have been scheduled for all nursing and senior living facilities. School facilities are also having prearranged inspections due to the admittance issues with Covid mitigations in place. None of these locations has had any major violations in the past.

•We are continuing to follow up on any complaints we receive concerning Covid-19 Mitigation requirements. Other complaints continue to come in for rats, trash, and snow covered sidewalks. All are being investigated.

•This would normally be the time we would be making plans for our annual Rabies Inoculation Clinic but it will be put on hold at this time.  
The meeting was adjourned at 7:30 pm.
