The minutes from the February meeting were circulated and approved.

- March being National Nutrition Month it was proposed by Cathy D'Orazio to promote nutrition awareness and education in the community and try to start an initiative with healthier options offered at restaurants. Cathy did put together a Proclamation that was read at the Commissioners Meeting last night declaring March National Nutrition Month. Social media will have nutrition information posted every other day from Academy of Nutrition and Dietetics. Discussion ensued

- Ideas involving promoting food establishments for healthy dishes have been curbed. The Township will not mention any establishments by name on social media. They are not permitted to advertise/promote any business of any kind. It may be possible to send emails to the food establishment encouraging them to create and/or promote healthier options. Discussion ensued.

- Animal control ordinances from Lower Merion, Upper Darby and Marple Townships do not allow domestic cats to run at large. Springfield Township allows cats to run at large. Radnor Township

only urges residents to keep cats indoors when there has been a confirmed case of rabies. All ordinances have been attached. Discussion ensued.

- There will be an upcoming Meeting with Chad Kennard from Delaware County. He will be providing information on the county's mosquito control and West Nile Surveillance program for 2021.

- Complaints are being investigated including trash containers, bulk trash items and rats. Follow-ups have been done on a property that was deemed Unfit for Human Habitation. The owner was able to pay a company to go in and get it cleaned and sanitized.

The meeting was adjourned at 8:00 pm.
