**October 22, 2021**

## **Lansdowne Avenue Lane Closure in Upper Darby, Haverford Townships, Lansdowne Borough**

**King of Prussia, PA** –A lane closure is scheduled on Lansdowne Avenue between Marshall Road and U.S. 1 (Township Line Road) in Upper Darby and Haverford townships and Lansdowne Borough, Delaware County, on Monday, October 25, through Friday, October 29, from 9:00 AM to 3:00 PM, for a safety improvement project, the Pennsylvania Department of Transportation (PennDOT) announced today.

Motorists are advised to allow extra time when traveling through the work area because slowdowns will occur. All scheduled activities are weather dependent.

Under this project, PennDOT will upgrade traffic signals and add ADA curb ramp improvements at various intersections along Lansdowne Avenue to allow for better traffic flow and safer mobility. The updated traffic signals, connected with fiber optic cable, will transmit real time data back to the PennDOT Regional Traffic Management Center in King of Prussia for enhanced optimization and emergency incident management. Other improvements include updated signs and pavement markings, as well as resurfacing between Marshall Road and Garrett Road.

Wampole-Miller, Inc. d/b/a Miller Brothers, of Conshohocken, PA, is the general contractor on the \$3,953,617 project, which is financed with 100 percent federal funds. Construction on the entire project is expected to finish in winter 2022

Motorists can check conditions on more than 40,000 roadway miles by visiting [www.511PA.com](http://www.511PA.com). 511PA, which is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information and access to more than 1,000 traffic cameras.
